

CRUISING DOWN THE RIVER

The Torrance YMCA's camping program, one of the largest in the country, involves jaunts to many parts of California and the western U.S. Youngsters get a chance to explore many highways and byways under the guidance of trained leaders.

Y Camping Program Is World's Largest

The Torrance Family YMCA operates the world's largest single branch YMCA Mountain Camping Program, according to Executive Secretary Joe Wilcox. The programs reflect the board and staff members' belief that high ideals can best be instilled in mountaintop experiences.

A listing of the summer camping programs for boys, girls, and families which will be available beginning in June show the extent of the experiences offered.
